

1. How much power does a school board have to write or alter policies?
2. In Student Discipline 4.2 section g. reads, “No form of discipline shall be enforced in such a manner as to prevent a student from accomplishing specific academic grade, subject or graduation requirements. WAC 180-40-235 (1).” Then, section i. explains how a student can be excluded from class for up to three days. Is there a legal limit, beyond three days for the number of suspensions given to one student? I do not understand how section i. can exist without contradicting section g.
